For Its 60th Anniversary, Alfred Hitchcock’s Hypnotic *Vertigo* Falls Back Into Movie Theaters Nationwide on March 18 and 21 as Part of the Yearlong TCM Big Screen Classics Series

- **WHAT:** Widely considered one of **Alfred Hitchcock’s** greatest cinematic achievements, the dreamlike, mesmerizing [Vertigo](#) returns to movie theaters across the country in celebration of its 60th anniversary on Sunday, March 18, and Wednesday, March 21, as part of the yearlong [TCM Big Screen Classics](#) series. Longtime fans and moviegoers who have never experienced the film’s dark secrets will be dazzled by the unforgettable sights and sounds of **Vertigo**.

The San Francisco-set thriller is a unique combination of ghost story, mystery and romance. **James Stewart** stars as John “Scottie” Ferguson, a detective with a crippling fear of heights who is hired to trail – but falls in love with – the secretive Madeleine Elster (**Kim Novak**). When he witnesses Madeleine fall to her death, Scottie is despondent ... until he crosses paths with a woman who seems eerily familiar. With a haunting score by **Bernard Herrmann**, **Vertigo** is a cinematic milestone that has lost none of its ability to captivate audiences six decades after it was made.

To further unravel the enigma of **Vertigo**, TCM host **Eddie Muller** will present newly produced commentary both before and after the film.
