

# ENTERTAINMENT FOR EVERY INTEREST

Fathom Events was founded in 2002 as a way to draw new audiences and fill movie theater auditoriums on weeknights and other off-peak times. The vision was (and continues to be) to make cinemas home to unique entertainment experiences beyond studio blockbusters.

Today, Fathom Events is the recognized leader in the event cinema industry, offering a variety of world-class entertainment events in movie theaters across the globe. Fathom gives audiences the best seats in the house to experience Hollywood's biggest stars, breathtaking performing arts, thrilling sporting events and fan-favorite movies. Audiences also receive expert insights into beloved classic films, early access to Hollywood's hottest releases and big-screen presentations of original programming featuring the top names in radio, television, faith and more. Fathom offers the opportunity to be fully immersed in content that awes, inspires and entertains – all from the comfort of a local movie theater, surrounded by fellow fans.

## OUR REACH

Fathom operates the largest cinema distribution network, distributing live and pre-recorded content to the best theater locations in the U.S. and Canada. Fathom currently ranks as North America's 11th largest distributor of content to movie theaters, ranking right behind Hollywood's leading studios.

## THE FATHOM DIFFERENCE

Fathom has built its reputation on delivering high quality content and creating a unique experience around every title. It is the only cinema distribution company that allows for content owners to deliver both live and prerecorded events, or widely distribute using DCP technology, all through the Fathom network. In addition, Fathom's events feature unique additional content that is not available through any other platform. It also provides complete marketing, PR and distribution support, making it a one-stop-shop for content owners.

In 2019, Fathom shattered event cinema records for a third consecutive year with 25 titles grossing more than \$1M at the domestic box office, ending at a record \$80M in total box office revenue.

Fathom's marketing and distribution prowess has continued into 2020. Million dollar titles already include fan screenings of GKIDS' global anime smash **Weathering With You** (\$2.7M+ gross domestic box office) and the Metropolitan Opera's *Live in HD* presentation of The Gershwins' **Porgy and Bess** (\$3M+ gross domestic box office).
